

MY LITTLE

WORLD

Written and Illustrated by Sara Rêgo
Translated by Sana Britto & Florent D'Souza

my little WORLD
fits in the palm of my hand.

people of many colours, but a single HEART lives in this land.

though the doors are closed,
there is no more DARKNESS

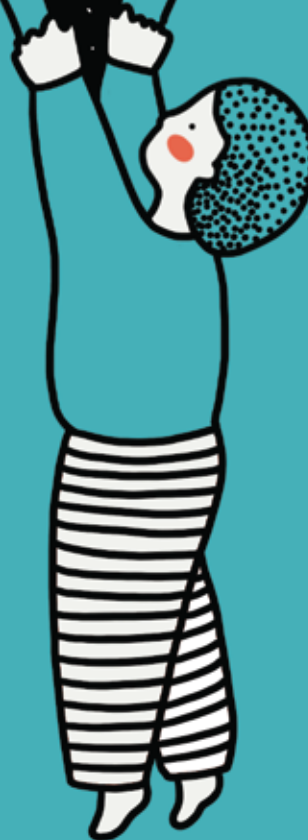

because there are plenty of windows open

to save us from LONELINESS.

and when the night falls,
the SKY is filled with
stars so bright

because it is in the house that you will find
LOVE, LAUGHTER and LIGHT.

"My Little World" is an illustrated children's book written to my little cub.

Through joyful images and a message of hope, I wish to touch the heart of the young ones and everyone else who, like us, is trying to find meaning to what we are living at the moment.
